

## About Community Services Group

Since 1972 Community Services Group (CSG) has been dedicated to providing quality, community-based mental health and intellectual and developmental disability services throughout Central and Northeastern Pennsylvania. With over 1,700 employees, CSG has developed a spectrum of specialized programs to meet the needs of the individuals we serve.

Our programs and services include adult mental health, intellectual and developmental disability, children's mental health and eldercare services. We believe that these services, in conjunction with a caring, dignified setting, promote growth and provide opportunities for the individuals in our programs to reach their full potential.

We are committed to and take pride in providing services which empower individuals and promote independence and wellness.

Susan C. Blue, President/CEO

CSG is the preferred choice for individuals and referral sources because of CSG's network of comprehensive mental health, intellectual and developmental disability (IDD), children and eldercare services and its commitment to empowering individuals and promoting independence and wellness.
