

About Community Services Group

Since 1972 Community Services Group (CSG) has been dedicated to providing quality, community-based mental health and intellectual and developmental disability services throughout Central and Northeastern Pennsylvania. With nearly 1,800 employees, CSG has developed a spectrum of specialized programs to meet the needs of the individuals we serve.

Our programs and services include adult mental health, intellectual and developmental disability, children's mental health and autism services. We believe that these services, in conjunction with a caring, dignified setting, promote growth and provide opportunities for the individuals in our programs to reach their full potential.

We are committed to and take pride in providing services which empower individuals and promote independence and wellness.

Susan C. Blue, President/CEO

CSG is the preferred choice for individuals and referral sources because of CSG's network of comprehensive mental health, intellectual and developmental disability (IDD), and children services and its commitment to empowering individuals and promoting independence and wellness.

The Clubhouse offers transitional, supported and independent employment.

Square One Clubhouse follows the 36 standards published by Clubhouse International. Consumers (called members in the Clubhouse) and staff work side by side to keep the Clubhouse running. Everyone in the Clubhouse is equal and there is a strong sense of ownership by the members. The Clubhouse guarantees all members the following rights: a right to a place to come; a right to meaningful work; a right to meaningful relationships; a right to a place to return. Membership in Square One Clubhouse is a lifetime privilege, and it is the member's choice how long they will utilize the various opportunities within the Clubhouse.

Work-Ordered Day

The Square One Clubhouse is divided into two units: Clerical and Kitchen. Each unit plays a role in the function and maintenance of the entire Clubhouse.

The Clerical Unit offers members the chance to learn or improve their skills in the following areas: receptionist duties, billing, data input, outreach, tours, filing, copying, typing, research, and graphic arts. Members can also choose to work in the employment/education area, or Clubhouse garden.

The Kitchen Unit offers members the opportunity to build or improve on their skills in the following areas: food shopping, meal prep, budgeting, cash register operation, kitchen maintenance, bookkeeping, etc.

Members work towards competitive employment by working side by side with staff to complete applications, write resumes, develop interviewing skills, and learn how to perform a job search. Some of the resources to maintain employment are offered through contacting and educating employers, job club, transitional employment, supported employment and independent employment.
